Notes: The cliff used in this image is not my own work so I plan to reshoot this photograph. I have chosen locations in Scotland where cliffs broadly match the profile of the cliffs shown in the image above in Ireland. These are on Skye and in the far north of Scotland near to Thurso. I have not yet travelled to my chosen locations as because of my diabetes am not currently allowed to drive plus I would have issues ensuring my shot was correctly focussed as everything I see is a blur just now. There is not much I can do here except wait. It is one of the unexpected hiccups in my planning for my major project.

Artwork Six

This is my video work of falling ash which I call "*Scatter*". I use the title of this work as the title for my exhibition.
